Instructions

You **may** use a calculator to answer any questions in this test.

Work as quickly and as carefully as you can.

You have 45 minutes for this test.

If you cannot do one of the questions, **go on to the next one**.

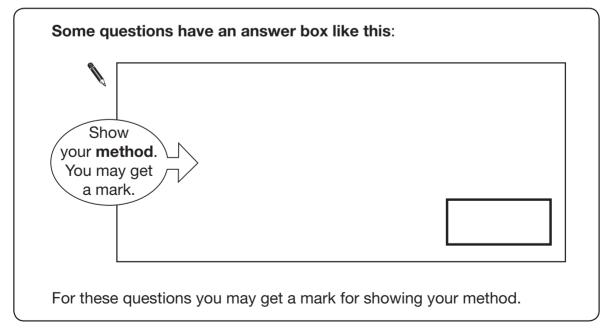

You can come back to it later, if you have time.

If you finish before the end, go back and check your work.

Follow the instructions for each question carefully.

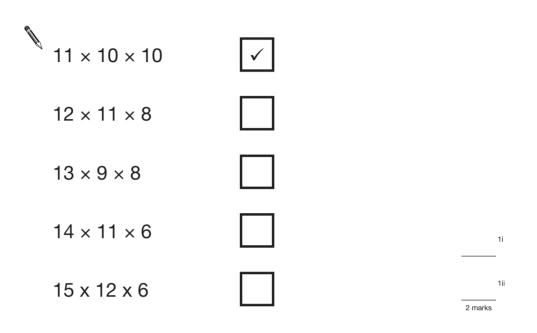

This shows where you need to put the answer.

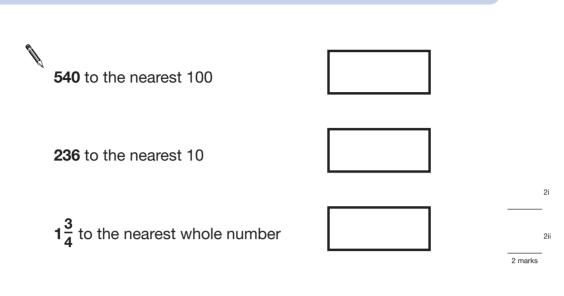

If you need to do working out, you can use any space on a page.

Tick (\checkmark) each multiplication that has an answer greater than 1000
